

REMARKS

This preliminary amendment is being filed in response to a Restriction Requirement mailed on September 14, 2004. The Restriction Requirement required restriction to one of the following groups of claims under 35 U.S.C. § 121:

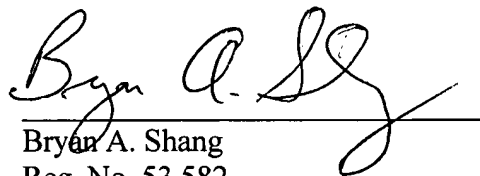

- Group I. Claims 9 and 12-20, drawn to a method of making an epoxy sight bowl, classified in class 264 subclass 229; and,
- Group II. Claims 21-30, drawn to a power transformer, classified in class 174, subclass 142.

Applicant elects Group II Claims 21-30. Claims 9, 12-20 have been cancelled without prejudice and will be prosecuted in a divisional application. As a result of this election, Claims 21-30 are presently pending.

Any questions regarding this application may be raised by telephone with the undersigned if it is considered that processing of this application will be expedited thereby.

Respectfully submitted,

Date 10/12/2004
